Curriculum Vitae

Board Certification

Otolaryngology, Head & Neck Surgery
May 10, 1999
Facial Plastic & Reconstructive Surgery
July 2, 2002

Work experience

Laser & Cosmetic Surgery Specialists, PC
Newburgh, New York 12550
Medical director- Nov 2008 to present

ENT, Allergy & Sinus Practice
Newburgh, New York 12550
Medical director- Nov 2008 to present

Orange Office Based Surgery, PLLC
Newburgh, NY 12550
Medical director- April 2009 to present

Hudson Valley Ear, Nose & Throat P.C.
Middletown, New York 10940
Partner- 1999 to 10/08

Dept. of Otolaryngology/Head & Neck Surgery
Columbia University of College of Physicians & Surgeons
Assistant Clinical Professor OTO/HNS
10/9/2000 to present

Dept. of Otolaryngology/Head and Neck Surgery
New York Presbyterian – Columbia Center
Assistant Clinical Professor
10/9/2000 to present

Hospital affiliations

St. Lukes-Cornwall Hospital
1999-2006

Orange Regional Medical Center
1999 to present

Vassar- Fishkill Ambulatory Surgery Center
2003 to present

New York Presbyterian Hospital
2000 to present
Hudson Valley Ambulatory Surgery Center
2006 to present

Education Faculty

Bioform Medical (Radiesse)
Medicis (Restylane, Perlane)
Allergan (Botox, Juvederm)
Sanofi-Aventis (Sculptra)

Post graduate training:

Fellowship, Facial Plastic & Reconstructive Surgery
University of South Florida
Fellowship director- Richard T. Farnior, MD, FACS
Tampa, Florida
7/1998 to 6/1999

Residency, Otolaryngology, Head & Neck Surgery
New Jersey Medical School- UMDNJ
Newark, New Jersey
7/1994-6/1998

Internship, General Surgery
New Jersey Medical School- UMDNJ
Newark, New Jersey
7/1993-6/1994

Education:

Albert Einstein College of Medicine
Bronx, New York Degree: MD
9/1989 to 6/1993
Awards: Distinctions in Otolaryngology Research (1993)

Yeshiva College (1986-89)
New York, New York
Major: Biology Degree: BA
Magna cum Laude (1989)

SUNY Binghamton (1985-86)
Binghamton, New York
Major: Biology

Honors:

Magna cum Laude (1989)
Distinctions in Otolaryngology Research (1993)
New York Academy of Medicine
Otolaryngology Research Award- 2nd prize (1996)
Listed in Guide to Americas Top Physicians (2004)
Consumers' Research Council of America
Listed in Guide to Americas Top Physicians (2005)
Consumers' Research Council of America
Listed in Guide to Americas Top Physicians (2008)
Consumers' Research Council of America

Memberships:

American Academy of Facial Plastic and Reconstructive Surgery
American Academy of Otolaryngology-Head & Neck Surgery
American Academy of Otolaryngic Allergy
American Rhinologic Society
New York State Medical Society
Orange County Medical Society

- Presentations:**
1. Society for Ear, Nose, and Throat Advances in Children (SENTAC), Cancun, Mexico, Nov. 1995.
Beckwith-Wiedemann Syndrome: A new finding of tracheal bronchus and recurrent pneumonia.
 2. Eastern Section meeting of the American Laryngological, Rhinological and Otological Society, Philadelphia, PA, Jan. 1996.
Metastatic carcinoma to the skin of the head and neck.
 3. New York Academy of Medicine, New York, New York, Apr. 1996.
Dexamethasone pharmacokinetics in the inner ear: comparison of route of administration and use of facilitating agents.
 4. Association for Research In Otolaryngology (ARO)
St. Petersburg Beach, Florida. Feb. 1997
Dexamethasone pharmacokinetics in the inner ear: comparison of route of administration and use of facilitating agents.
 5. American Academy of Otolaryngology-Head & Neck Surgery, 101st annual meeting
Frey's syndrome: Treatment with temporoparietal fascial flap interposition.
San Francisco, California. Sept. 1997

6. American Academy of Otolaryngology-Head & Neck Surgery, 101st Annual meeting
Congenital piriform aperture stenosis: surgical enlargement via the sublabial approach.
San Francisco, California. Sept. 1997
7. Skin Cancer Prevention and treatment
Women's Wellness Symposium
St. Lukes-Cornwall Hospital
New Windsor, New York. Sept. 2000
8. Grand rounds: Advances in pharmacotherapy for allergic rhinitis
Nyack Hospital
Nyack, New York Dec., 2000
9. Advances in endoscopic sinus surgery: stereotactic navigation
Grand Rounds St. Lukes-Cornwall Hospital
Cornwall, New York. Jan 2001
10. Minimally Invasive Techniques in Facial Plastic Surgery
Women's Wellness Symposium
St. Lukes-Cornwall Hospital
New Windsor, New York. Sept. 2001
11. Guest on K104 morning radio show
New techniques in facial rejuvenation
Beacon, New York. Dec. 2001
12. Guest on K104 morning radio show
Advances in non ablative laser resurfacing
Beacon, New York. April 2002
13. Guest on K104 morning radio show
Non-surgical skin tightening: Thermage
Beacon, New York. May 2003
14. Seminar @ Anthony's Pier 9
Thermage: non surgical skin tightening
New Windsor, New York November 2004
15. Seminar @ Anthony's Pier 9
Thermage: non surgical skin tightening
New Windsor, New York. April 2005

16. Seminar Poughkeepsie Grand Hotel
Contour Thread Lifting
Poughkeepsie, New York, February 2006

17. Seminar Harness Race Horse Museum
“Space Lift” via facial volume replacement
Goshen, New York, April 2006

Research: 1. The effect of rhinoplasty/septoplasty on voice: a prospective study.
Facial plastic fellowship program-Richard T. Farrior, MD, FACS
Mentor: Richard T. Farrior, MD, FACS, 7/98

2. Subglottic airway pressure measurements and correlation with obstructive sleep apnea in children. New Jersey Medical School.
Mentor: Don Respler, MD, 1995- 98

3. Dexamethasone pharmacokinetics in the inner ear: comparison of route of administration and use of facilitating agents. New Jersey Medical School.
Mentors: Jed Kwartler, MD & Sujana Chandrasekhar, MD, 1995-97.

4. Detection of nerve growth factor mRNAs in the developing inner ear via in situ reverse transcription-polymerase chain reaction amplification. Albert Einstein College of Medicine.
Mentor: TR Van de Water, PhD, 1992-93.

Research: 5. Maternofetal transmission of human immunodeficiency virus-1: the role of antibodies to the V3 primary neutralizing domain. Albert Einstein College of Medicine.
Mentor: Theresa Calvelli, PhD, 1989-92.

6. Intravenous gamma globulin for pediatric HIV-1 infection. Effects of infectious complications, circulating immune complexes, and CD4 cell decline. Albert Einstein College of Medicine.
Mentor: Theresa Calvelli, PhD, 1989-92.

7. HIV P24 and its predominate association with immune complexes in amniotic fluid of HIV-infected women. Albert Einstein College of Medicine.
Mentor: Theresa Calvelli, Ph.D., 1990-92.

8. Utilization of butylurea as an antiseptic and anti-HIV agent. Albert Einstein College of Medicine.
Mentor: Arye Rubinstein, MD/PhD. Harris Goldstein, MD, 1989-92.

9. Somatic mutation to generate mouse monoclonal antibodies with improved specific neutralizing antiviral activity. Albert Einstein College of Medicine.

Mentor: Matthew Scharff, MD, 1987.

10. CD4 cells in patients with AIDS. Albert Einstein College of Medicine.

Mentor: Theresa Calvelli, PhD, 1986.
